Students are entitled to receive special education and related services, even if their schools were delivering their education remotely. Many of them will be entitled to compensatory education and services as they return to in-person learning. Learn from our panelists how to guide your clients through their annual reviews and how to present the best case for compensatory education.

This program has been tentatively approved by the Board on Continuing Legal Education of the Supreme Court of New Jersey for 1.0 hours of total CLE credit. Of these, 1.0 qualify as hours of credit toward Civil.
